

VISIT TO PUMWANI BOYS HIGH SCHOOL

As our first activity 2013/2014, ESA planned a community outreach programme to Pumwani Boys High School on Saturday 15th June 2013 where we went to mentor and encourage the young boys just about to sit for their KSCE examinations. Among the speakers was Mrs. Margaret Mumera (Assistant Dean of Students) who took them through the JAB selection, Ogechi Nancy (ESA Chairperson 2013/2014), Richard Omune (Mech. Engineering Rep 2013/2014) and Sally Musonye (Former ESA Chairperson 2012/2013) who narrated their own experiences for the students to learn from.

We believe the students learnt a lot and were encouraged to work even harder. We wish them all the best in their forthcoming examinations.

ESA Community outreach projects are aimed at giving back to the community around us not only through mentorship in schools but giving to the less fortunate as well. We encourage all students participate in these projects so as to appreciate what we are blessed with.
